Orthopedic/Orthodontic Symposium for the General Practitioner in the Nation's Capital Ottawa • Ontario, Canada

September 17, 18, 19^{am}, 2004

Emmett Griffiths, President of Rideau Orthodontic Mfg. Ltd., will share his experience as an orthopedic/orthodontic laboratory owner for more than 32 years. His late father, Dr. Victor B. Griffiths was a "Functionally Orientated" Orthodontist in Montreal, Quebec for more than 30 years. It was through his father that Mr. Griffiths attended Study Clubs with many of the pioneers of FJO in the early 1970's and has since organized post-graduate educational courses for more than 25 years. His presentation will include a brief outline on the Evolution of Orthodontics and Functional Jaw Orthopedics along with Keys to Case Selection, Functional and Fixed Appliance Options/Adjustments and much more.

Mr. Griffiths' unique presentation style, will give you a genuine understanding of the benefits of Functional Jaw Orthopedics, which will greatly benefit your practice and patients.

A group of General Practitioners will also present numerous orthopedic/orthodontic cases. Complete records will outline diagnosis, treatment sequence and retention. Presenters will show how Functional and Fixed appliances such as the Twin Block™, Sagittal, Rick-a-nator, Hyrax and the Bionator produce beautiful stable results. Learn the basic designs of the (ALF) Alternative Lightwire Functional appliances including activation and case selection. View numerous cases showing the benefits of 2nd Molar Replacement. Learn

simple Straightwire Tips that will expedite treatment. Splint selection for TMJD/Bruxism and more will be discussed.

Each presentation made by fellow dental colleagues will provide you with a "practical learning experience" that you can implement into your practice immediately.

A Symposium that is Reminiscent of the Evolution of FJO.

18 Hour Symposium Agenda
