A cruise ship or a work of art? Once aboard, we think you'll agree this cruise ship is a revolutionary masterpiece if ever there was one. Not only does it sail effortlessly through the waters of the Caribbean, it contains some of the cruise industry's most amazing features – a Royal Promenade like New Orleans' Bourbon Street, a rock-climbing wall, a basketball court, an ice-skating rink and an in-line skating track. Dare we say there's more? What about a five-story theatre, a casino, a miniature golf course, a spectacular three-story dining room and organized youth areas. This nautical wonder has it all!

Labadee, Hispaniola – Mon Feb. 21/05

Only Royal Caribbean ships can visit this place, where some of the best scenery and beaches in the Caribbean are reserved exclusively for Royal Caribbean guests. Floats, paddle boats, sailboats, banana raft rides are available, along with activities such as swimming and snorkeling in turquoise waters. Play volleyball or explore ruins more than 200 years old. Or shop for authentic Haitian art.

Ocho Rios, Jamaica – Tues Feb. 22/05

The town of Ocho Rios, on Jamaica's north coast, is edged with white-sand beaches. Contrary to popular belief, its name does not refer to "eight rivers," the literal Spanish translation. It derives instead from the Spanish word chorreras, or "waterfalls," of which Ocho Rios has many - including the **spectacular Dunn's River Falls**.

George Town, Grand Cayman – Wed Feb. 23/05

Grand Cayman is one of a group of three islands Christopher Columbus called "Las Tortugas" (the turtles) for the sea creatures he found in the ocean water. Among other attractions, visitors to the island will enjoy learning about the turtles, seeing the town of Hell, and **enjoy the undersea world**.

Cozumel, Mexico – Thur Feb. 24/05

The Conquistadors first saw Mexico from the shores of Cozumel while searching for gold. The waters around Cozumel's shelter coral reefs make this one of the best snorkeling areas in the world. Take a tour to Playa del Carmen to visit the ancient Mayan City of Tulum. **See more than sixty structures of the ancient fortress, which was occupied as far back as 600 A.D.**
